**Estimate.

During the current year the following repairs and improvements have been made. The Elm School yard has been graded and a temporary fence built around the front of the yard. It is hoped that the texture of the grading material may be such that it will harden and make a non-muddy surface. If it does not, seeding the surface or coating it with gravel may be advisable another summer. Also there have been minor repairs such as covering the entry roof, new screens for the windows and a new hardwood floor.

At the True School a jacket has been placed round the stove and the chimney built from the ground up to allow the funnel to go directly to it in the school room.

At the Carr School some grading has been done in the yard and screen windows have been provided.

At the Bridge School a cess pool has been dug and pipes run from the toilet to it; also the yard has been fenced, and graded some.

We recommend the following repairs and improvements for 1927-28: That the ceiling of the Elm School house be repaired. That the stove in the Carr

School be replaced by a jacketed heater and that the cross lighting there be changed, increasing the lighting surface on the pupils' left and decreasing it on their right. And that the yard have a new fence. Also the Elm and the Carr Schools will need screen doors. In 1927-28 or 1928-29 the Elm school yard should have a permanent fence around the whole of it.

It will be noted that in the year 1925-1926 there was an average loss of 10.2 half days of school in each school because of holidays and other non-school days such as teachers' institutes and fair days. Something should be done to prevent the pupils losing that time and the school board will give the matter thought before another school year.

We solicit continued and increased interest in the school work of the district from all citizens. We invite all to visit the schools in regular sessions and to the closing exercises of the year in June.

Respectively submitted,

CAROLYN C. BAKER,

ERNEST F. GAY,

R. TOLFORD PIPER,

School Board.

Guy F. Williams, Superintendent.
